OFFICE OF PETITIONS

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Dear Sirs:

The above applicant respectfully requests that the Director withdraw the holding of abandonment in the above-referenced patent application. The grounds for this Petition are fully set forth herein.

The issue fee (700.00); publication fee (\$300.00); and copy fee (\$30.00) is enclosed herewith, along with the issue fee transmittal documents.

If a petition fee is required, the applicant is a small entity, and authorizes the Commissioner to charge any fees or credit any overpayment under 37 CFR §§ 1.16 and 1.17 which may be required during the entire pendency of the application to Deposit Account No. 01-2335.

As grounds for this petition, the applicant submits the Declarations of Dennis F. Armijo and Elaine C. Bryan, and states the following:

On September 24, 2004, the applicant provided the patent and trademark office with an amendment. A notice of allowance was mailed by Tai V. Nguyen on November 10, 2004. The Notice of Allowance included a misspelled word "FRABRICATING". Throughout the prosecution of this application, the word "Fabricating" was spelled correctly on all documents prepared by the Applicant. The Notice of Allowance with the misspelled word was received by the applicant's attorney on November 15, 2004. Elaine C. Bryan, Paralegal for applicant's counsel, contacted Examiner Nguyen on November 15, 2004, and advised Examiner Nguyen of the misspelled word. Examiner Nguyen advised Ms. Bryan to file a request to correct title of the invention and also advised her not to pay the issue fee because he was going to provide a supplemental Notice of Allowance and Issue Fee due shortly thereafter. A copy of the request to correct title of invention and a postcard evidencing the receipt of the request is attached and labeled Exhibit 1. The applicant's counsel continuously checked the status of the application using PAIR. On January 12, 2005, counsel for the applicant spoke with Examiner Nguyen regarding a new notice of allowance to be mailed. March 10, 2005, Elaine Bryan contacted customer service for the Patent and Trademark Office and spoke with Preston Wallace who suggested that we send a copy of the request to correct the title by facsimile. On March 14, 2005, the copy of the request to correct the title was sent by fax to the patent and trademark office. A copy of the faxed request and faxed receipt of the fax is attached and labeled Exhibit 2. On April 4, 2005, the Attorney for the applicant received a response to request for corrected filing receipt, and a corrected filing receipt. Both documents are attached hereto and labeled Exhibits 3 & 4 respectively. On April 4, 2005, the Attorney for the applicant spoke with Examiner

Nguyen by telephone again requesting a supplemental notice of allowance. On April 7, 2005, the Attorney for the application received a second corrected filing receipt, a copy of which is attached hereto and labeled Exhibit 5. On April 12, 2005, Examiner Nguyen mailed out a supplemental action notice of allowability; included with the packet was an interview summary indicating an examiner's amendment was filed correcting the misspelled word in the title. A copy of the office communication and attachment is attached hereto and labeled Exhibit 6. On April 14, 2005, a notice of abandonment for failure to pay the issue fee was mailed by the patent and trademark office. A copy of this document is attached and labeled Exhibit 7. Upon receipt of the notice of abandonment, counsel for the applicant immediately contacted Examiner Nguyen, and was told that despite the spelling error and the advice given to not pay the issue fee, there was nothing Examiner Nguyen could do to correct the error. On April 25, 2005, counsel for the applicant contacted Examiner Tugbarg, who is Examiner's Nguyen's supervisor regarding the situation and was advised that the notice of abandonment could not be withdrawn, and that a petition under 37 CFR § 1.181 was required. The Notice of Abandonment was mailed on April 14, 2005, therefore this petition is being filed within two months as required by MPEP § 711.03. The spelling error was made exclusively by the Patent and Trademark Office.

WHEREFORE, the applicant respectfully requests that the abandonment be withdrawn, that the Patent and Trademark Office accept the applicant's issue fee, publication fee, and copy fee, and the patent issue accordingly.

Respectfully submitted,

COMMENTS:

Dear Sir/Madam:

Attached is a copy of our Request to Correct Title of Invention for the above-referenced serial number. This was mailed on November 17, 2004, and received by the PTO on November 22, 2004. To date we have not received a new Notice of Allowance. We contacted Examiner Tai Van Nguyen on November 15, 2004, and he suggested that we file a Request to Correct Title of Invention and then he would issue a new Notice of Allowance. We contacted Customer Service on March 10, 2005, and spoke with Preston Wallace who suggested that we re-fax our Request to Correct Title of Invention. We would like to request a status report on this matter. Should you have any questions, you are invited to contact this office collect.

RESPONSE TO REQUEST FOR CORRECTED FILING RECEIPT

Title of Invention

In response to your request for a corrected Filing Receipt, the Office cannot comply with your request because:

- ☒ The articles such as "a", "an", and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- ☐ The words "new", "improved", "improvement of", "improvement in", or "improvement relating to" are not included as the first words in the title of an application because a patent application is, by nature, a new idea or improvement. See MPEP 606.
- ☐ The title may be truncated if it consists of more than 500 characters (letters and spaces combined).
- ☐ Superscript and subscript are not possible. These characters will appear on the same line.
- ☐ The title appears on the filing receipt in sentence case for publication in the Annual Index of Patents.
- ☐ The title of the invention was captured as provided by applicant on the first page of the specification. An amendment is needed to make this change. (See MPEP 605.02.)
- ☐ The symbol that you have requested as part of the title cannot be captured as presented. It has been captured as written text.

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

Attachment to Notice of Abandonment

For questions concerning the notice contact
Office of Patent Publication
Image Assistance Center: 888-786-0101.

Information is also available on the USPTO Internet web site:
<http://www.uspto.gov/web/patents/pubs/abandonnotice.html>

Respond to the Notice of Abandonment by one of the following:

1. **Petition To Withdraw Holding of Abandonment (See MPEP 711.03(c) I and 37 CFR § 1.181) No fee required**

Where an applicant contends that the application is not in fact abandoned (e.g., a reply was in fact filed), a petition under 37 CFR § 1.181(a) requesting withdrawal of the holding of abandonment is the appropriate course of action. Any petition under 37 CFR § 1.181 to withdraw the holding of abandonment not filed within 2 months of the mail date of a Notice of Abandonment may be dismissed as untimely under 37 CFR § 1.181(f). In order for a petition to be granted, the evidence must be sufficient according to 37 CFR § 1.8(b) Certificate of Mailing 37 CFR § 1.10 "Express Mail" mailing or MPEP 503 Postcard Receipt as Prima Facie Evidence. The petition should be addressed as follows:

By mail: Mail Stop: Issue Fee, Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450
By facsimile: 703-872-9306

2. **Petition To Withdraw Holding Of Abandonment Based On Failure To Receive Office Action (MPEP 711.03(c) II and 37 CFR § 1.181). No fee required**

Where an applicant contends that the original Notice of Allowance and Fee(s) Due was never received, if adequately supported, the Office may grant the petition and remail the Office action. The showing required establishing non-receipt of an Office communication must include a statement from the practitioner stating that the Office communication was not received and attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received. A copy of the docket record where the nonreceived Office would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.

Petition should be addressed to the Technology Center handling the application as follows:

By mail: Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450
By facsimile: 703-872-9306

3. **Petition To Revive An Abandoned Application (See MPEP 711.03(c) III)**

Where there is no dispute as to whether an application is abandoned (e.g., the applicant's contentions merely involve the cause of abandonment) a petition under 37 CFR § 1.137 (a) or (b) (accompanied by the appropriate petition fee) is necessary to revive the abandoned application. The text of these rules is available on the USPTO Internet Web site. Forms for these petitions, "Petition For Revival Of An Application For Patent Abandoned Unavoidably Under 37 CFR § 1.137(a)," PTO/SB/61, and "Petition For Revival Of An Application For Patent Abandoned Unintentionally Under 37 CFR 1.137(b)," PTO/SB/64, are available in the forms section of the USPTO website: <http://www.uspto.gov>.

Petitions under 37 CFR § 1.137 should be addressed to the Office of Petitions as follows:

By mail: Mail Stop Petition, Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450
By facsimile: 703-872-9306

Note: Abandonment takes place by operation of law for failure to reply to an Office action or timely pay the issue fee, not by operation of the mailing of a Notice of Abandonment
